## CONNECT INNOVATION

Is a collaboration between Adobe Connect Gold partners in the Nordic and a leading provider of Adobe Connect for web meeting, webinars and e-learning.
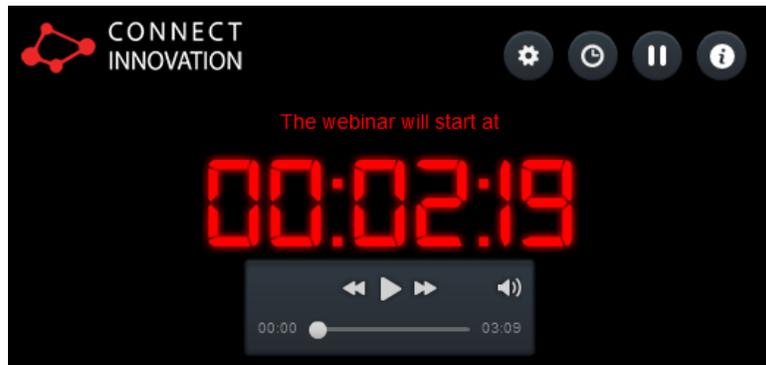

GOLD PARTNER
Adobe Connect

Connect Innovation MP3 and Timer pod is a unique add-on that allows your room participants to listen to songs synchronously, and to track the time before the start of, or resume of the meeting continuously.
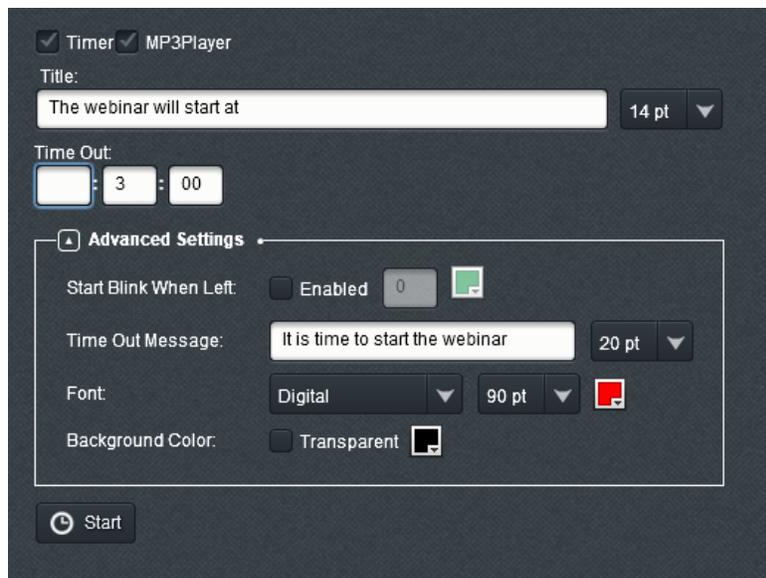

The MP3 player part allows you to choose and play songs, and adjust the volume. The MP3 functionality is available on mobiles as well.

The Timer countdown part further enables the host to replace text and customize the pod- all text can be changed and localized to Nordic languages; set-up the timer by typing, as well as show and hide the detailed timer. The digital timer countdown is in 24-hour format, and a timeout message can be displayed.

This highly useful and handy pod is free of charge for Connect Innovation customers.

The pod is available for download in English, Swedish, Danish, Finnish and Norwegian.
